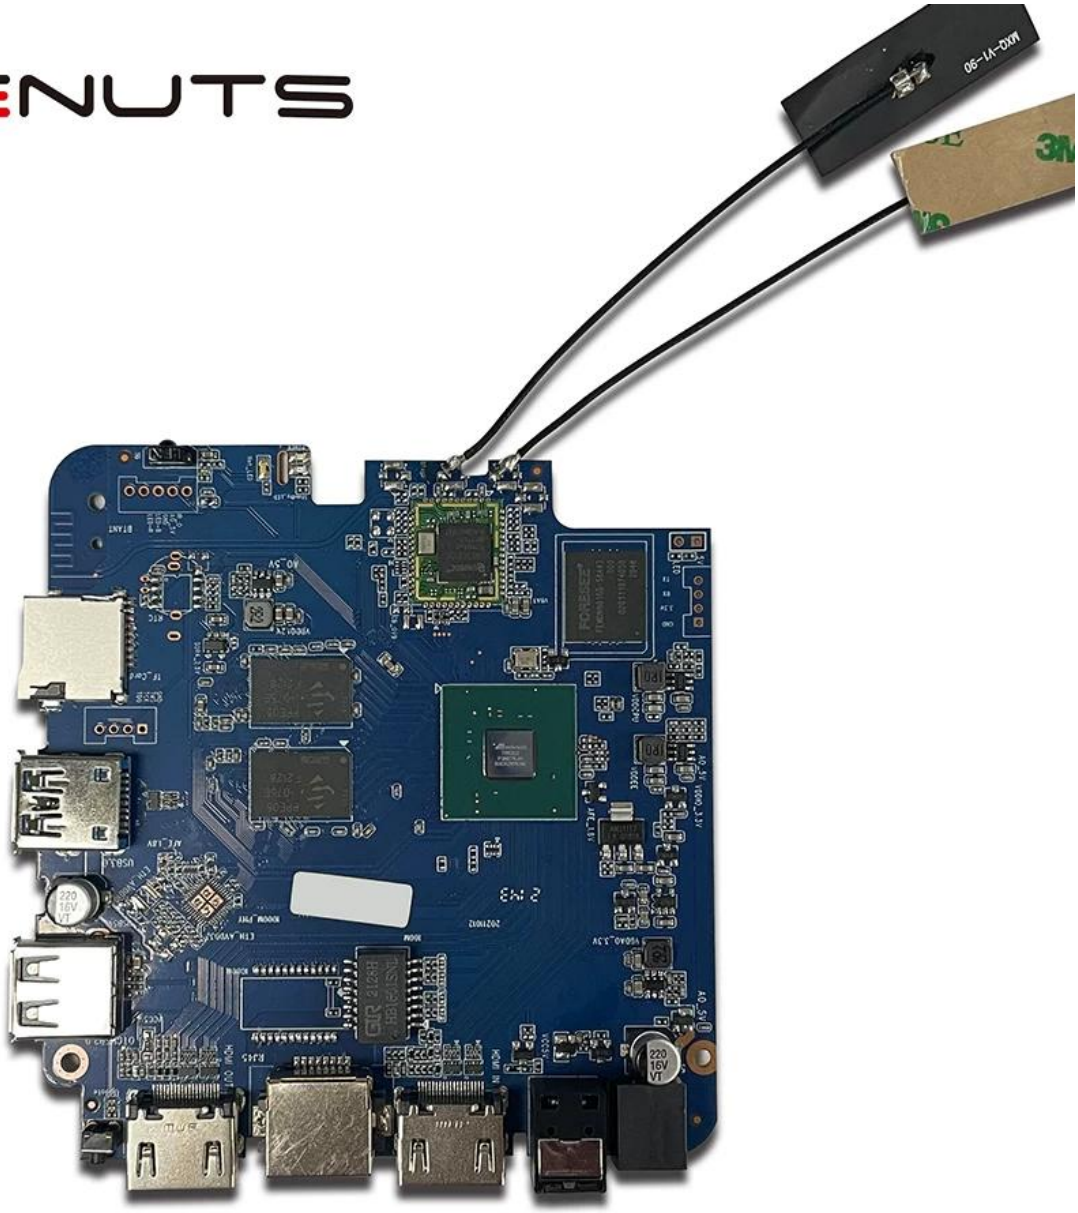
ONENUTS



Multi-core 32/64-bit CPU and 3D GPU with high performance	Powerful multimedia processing capability, supporting all mainstream video decoding including 8K/4K 10-bit AV1/H.265/VP9/AVS2	Supports all mainstream HDR standard including Dolby Vision, HDR10 and HLG	Unique Trulife picture quality enhancement engine, offering theater-like visual effect	Complete production-ready security solution, supporting secure boot, secure OS and mainstream DRMs
Ultra-high performance and ultra-low power consumption	Ultra-high SoC integration and rich peripheral interfaces	Complete IP license, including Dolby, DTS, etc.	Supports screen projection technology like DLNA, Miracast etc.	Provides mature turn-key solution for both split and AIO smart TV
