Android TV Edition 4K UHD Edition is a powerful and versatile entertainment system. It features a 4K UHD display, HDR 10, and Dolby Vision for stunning picture quality. The system is powered by the Amlogic S905X3 processor, which provides excellent performance for streaming and gaming. It also includes 4GB of RAM and 32GB of eMMC storage, with the option to expand storage using a TF card. The system is compatible with a wide range of audio and video formats, and it supports a variety of connectivity options, including HDMI, AV, USB, and RJ45. It also features smart features like Miracast, DLNA, Airplay, and support for popular streaming services like Netflix, YouTube, and Facebook. The system is easy to set up and use, and it provides a great entertainment experience for the whole family.

Smart TV BOX

Powerful Performance and Large Storage Capacity

@mlogic S905X3	GPU Mali-G31	Android 9.0	DDR3 4GB	eMMC 32G
HEVC H.265	USB 3.0	@24fps 8K	WIFI 2.4G/5G	HDR 10+

Support multi-screen share
Support DLNA, Miracast, Airplay. You can play games and watch movies on the big screen

 DLNA  Airplay  Miracast

Dual wifi design and stable performance

2.4:100Mbps

Stronger penetration & More Stable

5G:250Mbps

Faster Transmission & Load Quickly

2.4+5G:400Mbps

Built-in T2TR, more efficient and stable

Android 9.0

application installation is more flexible

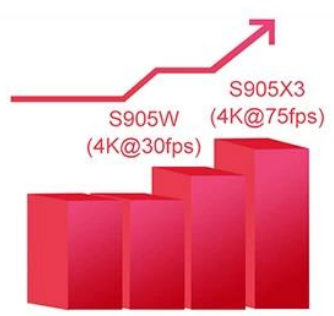

- More stable with applications
- Save 25% RAM in Spacet
- Faster & Safer responses
