What's in the box?

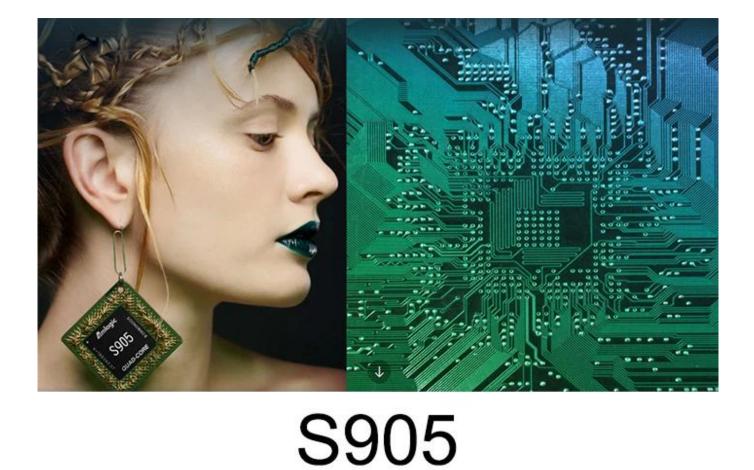

- 1 *PoE(Power Over Ethernet) Android TV Box
- 1 * HDMI Cable
- 1 * Remote Control
- 1 * Power Adapter
- 1 * User Manual

64-Bit Quad Core Cortex A53

HDCP 2.2

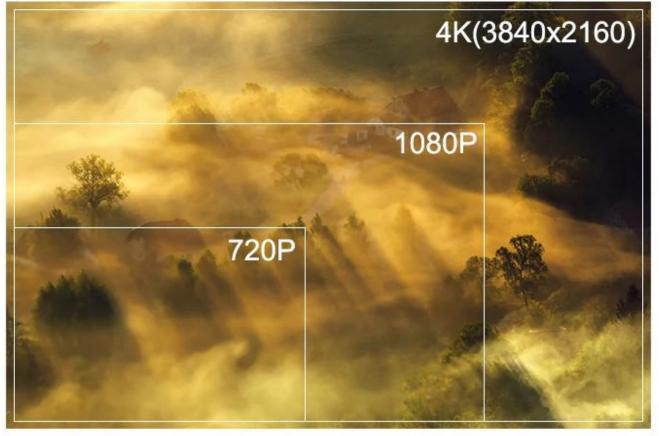

64 bit CPU,

While maintaining the same power consumption, the computing power of CPU has also been greatly improved.

With 4K2K decoding capabilities, it make 4K become the standard.

The color quantity is increase by 60 times more than the previous generation.

10 bit decoding, it could highest support 1.07 billion color, Compared to the previous generation of 16.7 million colors, it increase by 60 times.

The sound upgrade, while supporting Dolby Digital Plus and DTS.

3 + 2 core high-frequency GPU, it make the TV turn into the PlayStation.

The single core CPU frequency increase of 25%, 5-core computing speed can be achieved by the previous generation 8-core, it allowing you to experience smooth gaming.

七一代式到速期

定制调度

Wireless projection the image&video of the phone/computer onto the TV.

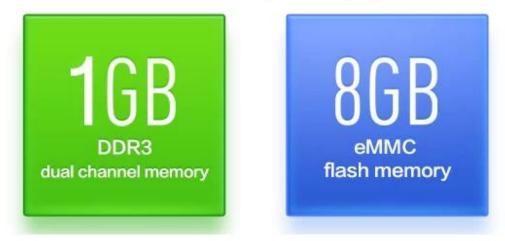

8		9	SMB	
Miracast	Airplay	DLNA	共审协议	Intel®WiDi

Equipped with smart contiguous memory allocation technology, make the system running more smoothly.

It's all about speeding up.

1G DDR3 dual channel memory and 8GB eMMC high speed flash memory. The dual channel memory runs 1080p HD videosand large games flawlessly, while the eMMC high speed flash memory controls apps,games, and multi-media storage with ease.

Everything comes alive with 3D.

Experience home entertainment in 3D!

Welcome to the future of entertainment with our Android IPTV Set Top Box equipped with Power Over Ethernet (PoE) technology. This innovative device revolutionizes the way you experience TV, offering a seamless and hassle-free setup combined with powerful features for an unparalleled viewing experience.

Revolutionary PoE Technology Our Android IPTV Set Top Box is designed with Power Over Ethernet (PoE) technology, eliminating the need for separate power cables. This innovative feature allows you to power the device directly through the Ethernet cable, simplifying installation and reducing cable clutter.

Enhanced Viewing Experience Experience high-quality streaming and playback with our Android IPTV Set Top Box. Whether you're streaming movies, TV shows, sports, or gaming, enjoy crisp visuals and smooth performance for an immersive entertainment experience.

Versatile App Support Access a wide range of apps and services with our Smart TV Box. From streaming platforms to gaming apps, social media, and more, our device offers versatile app support to cater to your entertainment preferences.

User-Friendly Interface Navigate through content effortlessly with our user-friendly interface. The intuitive design makes it easy to find and enjoy your favorite content, customize settings, and explore new entertainment options.

Seamless Integration Our Android IPTV Set Top Box seamlessly integrates with your existing TV setup. Connect to your TV via HDMI for high-definition output, and take advantage of Ethernet or Wi-Fi connectivity for stable and reliable streaming.

Ideal for Home and Business Use Whether you're upgrading your home entertainment system or setting up a professional digital signage solution, our Android IPTV Set Top Box is ideal for both home and business use. Enjoy enhanced features, reliability, and performance in one compact device.

Quality Assurance We prioritize quality and reliability in every product we offer. Our Android IPTV Set Top Box undergoes rigorous testing to ensure durability, functionality, and compatibility with a wide range of devices and setups. Experience peace of mind with a product that delivers exceptional performance and value.

In conclusion, our Android IPTV<u>Set Top Box with PoE</u> technology offers a revolutionary entertainment experience, combining hassle-free setup, versatile app support, high-quality streaming, and user-friendly features for an enhanced viewing experience at home or in business settings. Elevate your entertainment with our advanced Smart TV Box today.
