You can connect the [Google TV box](#) with your television with the help of an HDMI port. To access the content on the Google TV box, you need to pair an internet connection with the medium of wifi. Once the connection is established, you can use the TV Box to perform multiple operations on your TV. A great advantage that you will get from the Google TV box is that you can use Google to search for anything you want. There are also features like Google Search Assistant with the help of which you can search anything on the internet with just your voice.
