DDR3L

8GB

CPU

i3-5005U

LAN

1000M

BT

4.0

# 5G WiFi | Fast transmission, stable signal, and wide coverage.

Intel® Broadwell-U i3-5005U

## Intel High Performance Processor

Intel® Broadwell-U i3-5005U, a fast and environment friendly processor, it has a stable structure and good heat dissipation, which greatly ensures the service life of it, and makes your daily work and entertainment no pressure.

# BT4.0

Low power consumption  
High running speed  
Fast connection and good stability

Multiple devices work with same BT; link stability brings you a good experience.

Headset

Speaker

Mouse

Tablet

Phone

# Dual HDMI

Two HDMI, two screens, then you can work while playing.

# USB 3.0+Type-C Maximum transmission speed of 500m/s

**Max  $\updownarrow$  500M/S**

Phone

Hard Drive

U disk

Mouse

Keyboard

# Max SSD Supported up to 1T

Quick startup, fast loading, time saving, working efficiency improving and entertainment enjoying.

# Human-friendly Cover Design

Pressing the cover switch to open the case, it is convenient to replace the hard disk.

① Press switch

② Open the top cover and replace the hard drive

③ Replacement completed and close the lid

## Small/Light/Smart

It is a computer that can be put into one's pocket.  
It is light, probably only two apples' weight.  
Let it carry your dream and go anywhere you want.  
You will be entrusted with an important task at any  
time and anywhere.

# Various Interfaces

Various interfaces such as HDMI, LAN, USB, etc. can bring you a smart and colorful enjoyment.

- ① Switch button
- ② Audio Jack
- ③ Type-C
- ④ USB
- ⑤ USB
- ⑥ DC
- ⑦ HDMI
- ⑧ HDMI
- ⑨ USB
- ⑩ USB
- ⑪ LAN

size: 125×112×43.5mm
