USB host	2* external USB2.0, 2*internal USB 2.0	
Card reader	1* TF CARD	
Micro-SIM	1* Micro-SIM, 1* hidden Micro-SIM card slot	
HDTV	1* HDTV output	
LAN	1* RJ45 LAN Ethernet 10M/100M	
AV OUT	1* AV-OUT/IR-in (optional)	
Others		
Power Supply	Input100-240V AC, Output5V/2A DC	
Internal recharge lithium battery(optional)	18650 battery 1-3 pcs or equivalent battery module	

Why choose Android STB 4G LTE Android TV Box

1. With the 4G LTE Modules, use the network anytime, anywhere, No restrictions on WIFI and network cable.

2. Different 4G LTE modules for selection. Support multiple countries to meet the needs of different customers.

3. Built in battery inside of the player, can update the time properly without the internet, ideal for customers with digital signage.

4. The Advantage of humanized design, the player has four holes on the back , can be hung behind the screen, moreover, the size is very mini, suitable for digital signage customers.

5. High cost performance, high configuration, good quality.

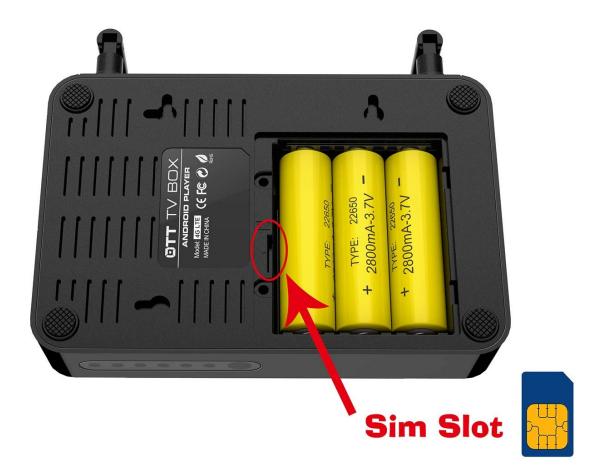

Our Android TV Box with built-in 3G/4G LTE WCDMA wireless module and SIM card slot revolutionizes home entertainment by offering enhanced connectivity, seamless streaming, and

internet access directly from your TV.

Enhanced Connectivity Our TV Box features a built-in 3G/4G LTE WCDMA wireless module, allowing for seamless internet connectivity without the need for additional devices or Wi-Fi networks. Stay connected and enjoy uninterrupted streaming and gaming experiences.

SIM Card Slot The inclusion of a SIM card slot in our Android TV Box enables users to insert a 3G/4G SIM card directly into the device, providing instant internet access without relying on external Wi-Fi networks. Enjoy the freedom to stream, browse, and access online content directly from your TV.

Seamless Streaming and Gaming Experience seamless streaming of movies, TV shows, music, and more with our Android TV Box. Play online games, stream live content, and access a wide range of apps and services for endless entertainment options.

Versatile Connectivity Options Connect seamlessly to your TV, sound system, and other devices with versatile connectivity options, including HDMI, USB, Ethernet, Wi-Fi, and Bluetooth. Stream content wirelessly, connect external storage devices, and enjoy flexible setup options for your home entertainment system.

User-Friendly Interface Navigate through content effortlessly with our user-friendly interface, designed for intuitive navigation and easy access to features and settings. Whether using the included remote control or mobile app, our Android TV Box provides a seamless and enjoyable user experience.

Reliability and Quality Assurance We prioritize reliability, performance, and customer satisfaction in every product we offer. Our Android TV Box with built-in 3G/4G LTE WCDMA wireless module and SIM card slot undergoes rigorous testing to ensure durability, functionality, and compatibility with a wide range of devices and setups.

In conclusion, our <u>Android TV Box</u> with built-in 3G/4G LTE WCDMA wireless module and SIM card slot offers enhanced connectivity, seamless streaming, and internet access directly from your TV. Upgrade your entertainment experience with our top-rated TV Box.
