An Android TV box is perfect for people who want to enjoy their favourite OTT platform on television. For the lovers of binge-watch, it is delightful that they can access applications like Netflix and Amazon Prime on their televisions. To convert your TV into an Android device, all you have to do is pair the [TV box](#) with it either via Bluetooth or HDMI connection. Once that is done, your TV can be used as a smart TV. Apart from accessing multimedia, you can play games on your TV, although the gaming operations will be minimal it will be fun and worth trying.
