eMMC

2GB DDR4 RAM to make the game run more smoothly, eMMC to run more stable.

Advanced sound decoding technology,
a better user experience

ENHANCED COLOR

Provide a better color level, so that the viewer presents a greater degree of reality

The general color display, not bright and true, it is because the color gamut is not enough

Selecting a Sub Display in PIP Mode

Select APP "Setting" 01

Select "Start PIP" 02

03

Multiple windows display content

Copy and burn what you want
