Support USB-HDD

Enjoy what you want to watch in anytime

Google TV Box

Google TV Box is a streaming device that allows you to watch content from various sources on your TV. It offers a user-friendly interface and supports a wide range of apps and services.

- 1. Content Sources:** Google TV provides access to a vast library of content, including movies, TV shows, and live TV. You can also stream content from popular services like Netflix, Hulu, and YouTube. The interface is designed to be easy to navigate, and it supports 4K Ultra HD content for a premium viewing experience.
- 2. Google Assistant:** The Google TV interface is powered by Google Assistant, which allows you to search for content and control your TV using voice commands. This makes it easy to find what you want to watch and adjust settings like volume and brightness.
- 3. Google Play Store:** The Google TV interface includes the Google Play Store, which allows you to download and install a wide variety of apps and games. This gives you access to the same content and services available on your smartphone or tablet.
- 4. Chromecast:** The Google TV interface is compatible with Chromecast, which allows you to stream content from your phone, tablet, or computer directly to your TV. This is a convenient way to watch content on a larger screen without the need for a separate streaming device.
- 5. Android TV:** The Google TV interface is based on the Android TV operating system, which provides a familiar and easy-to-use experience. You can access all the apps and services available on the Google Play Store, and you can also use voice search to find what you want to watch.
